FOR IMMEDIATE RELEASE

Joy Mining Machinery Supports Community Organizations

WARRENDALE, PA - December 2008 – In the Franklin, Pennsylvania area and around the world, Joy Mining Machinery and our employees are actively engaged in supporting their communities with their time and resources. We, at Joy, all want to help make our communities better places in which to live and work.

It is with pleasure that Joy Mining Machinery announces its support for three organizations in the Franklin area. Through the Joy Global Foundation Inc. fund, donations have been made to the Allegheny Valley Trails Association, Barrow – Civic Theater and Venango Center for Creative Development.

Allegheny Valley Trails Association will use the donation to maintain a 32 mile asphalt surface trail that extends from Oil City to Emlenton. The trail gets a tremendous amount of use from senior citizens, families and the general population without charge to anyone.

Barrow – Civic Theater is a non-profit organization that provides yearly entertainment for all ages to all areas in northwestern Pennsylvania. The donation will be directed by the Franklin Civic Operetta Association (under the Barrow umbrella) to continue to provide theater productions all year round as well as workshops for children.
